

## Paladin FX

Paladin FX is an exclusive weld mesh panel with "V" profile beams for rigidity. This system gives the perimeter security fencing a distinctive striped appearance with medium to high security applications. The additional wires pattern gives this system strength with an attractive look.

### Applications:

- Residential Areas
- Schools and Colleges
- Commercial Sites
- Stations and Airports
- Industrial Estates
- Motorways

### Specification:

Mesh Pattern: 150x50 & 150 x 15 – group of 6  
Horizontal wires: 6mm Diameter wires  
Vertical Wires: 4mm Diameter wires  
Top: Panel has flushed top  
Post Centre: 3m approximate  
Standard Finish: Green(6005) and Black(9005)  
There is an option of a wide range of colours.

Fence Height	Panel (HxW)	Beams (V)	Panel Weight(KG)	Post Dimension	Post Length
1.8m	1850x3023	2	30.0	60 x 60	2.45m
2.0m	2000x3023	3	34.8	60 x 60	2.65m
2.4m	2440x3023	3	41.0	60 x 60	3.10m

All the panels are suitable for multi lift installation with suitable post posts.  
3m wide panels reduce installation cost by approximately 20%, when compared with 2.5m wide panels.
